

## **PRIZE DRAW PROCEDURE**

This prize draw procedure was elaborated to ensure the impartiality and fairness of the award of this prize.

The random selection of two respondents of to the FuturiZe future scenarios consultation survey to award two free registrations to the Lisbon Addictions Conference (23-25 October 2019) was done on March 13, 2019, from an anonymous pool of respondents who completed the survey by February 25, 2019 (including this date).

Prizes were drawn on March 13th, time 12:30 (Barcelona), from the MS Excel file named "FuturiZe consultation survey - Part 2(2019-03-05)\_clean&anon for prize draw\_19.03.13", rows 18 to 120 (to account for the correct time frame), using the function Ablebits Tools/ Randomize/ Select randomly.

From the anonymous database of responses up to 12 am, February 25th, 2019, we had previously removed those affiliated as personnel to any of the FuturiZe project's partner institutions in order to avoid any potential conflict of interests.

The two rows awarded the LxAddictions19 Conference registration fee were: 19 and 21. The names and e-mail addresses of those respondents were identified by a different member of the coordination team through the unique time codes of their responses and comparison of the first 3 answers. It was then verified that they had completed both parts 1 and 2 of the FuturiZe survey before the two winning professionals were contacted about the prize.
